# FLIGHT OF OBSCURITY XII EXHIBITION

BY NATHANIEL FOLEY | AUG. 22 – SEP. 15, 2017

Sculptures consisting of cones integrated with spires held together under tension, supported by utilitarian containers. This fragile relationship of forms exposes the delicate balance between grace and imminent danger, like the fleeting ballet of courting birds or hostile dogfight between foes. Referring to aeronautical form, the sculptures communicate tension and dance in direct opposition to fundamental forces.
